

our heart, our home, our world
Saturday - Sunday October 2 & 3

online Mariapolis 2021

held jointly by Malta and Great Britain

We find ourselves connected in new ways - discovering close neighbours and distant friends, finding new points of dialogue and facing global challenges. How do we build a more united world together?

Mariapolis is an annual gathering organised by the Focolare Movement, whose inspiration comes from Jesus' prayer 'That all may be one' (*John 17:21*). People from all walks of life and expressions of faith are invited to join and explore a society built on fraternity, peace and justice. There will be moments of reflection, sharing of real life stories and time for relaxation and fun together.

The Mariapolis will be an opportunity to hear about and engage with the many activities that have flourished over this last year - in the field of interfaith dialogue, ecumenism, environmental action and more. Children and young people are very welcome.

This year, as in 2020, the Mariapolis will be online which means that the whole world can join us. Do join us!

Further information will be posted on www.focolare.org/gb
